

Core Alpha - Bench Testing Lab Sheet

General Info

Date: _____

Operator: _____

Test ID: _____

Location: _____

Test Phases & Objectives

Phase A: Charge Verification

Phase B: Spin Initiation

Phase C: Field Mapping

Phase D: Resonance Scan

Phase E: Gravitational Resistance Trial

Sensor Readings

Voltage Across Rings: _____

Voltage at Core Terminals: _____

RPM: _____

Magnetic Flux Intensity: _____

Field Anomalies: _____

Safety Checklist

☐ Mercury containment sealed

☐ Fume hood active

☐ Emergency cutoff enabled

☐ Personal protective equipment worn

Final Notes
