SG1A

00B: (271140 JUL 90) The [REDACTED] was detected at approximately 2545N/7745W. It is not presently carrying drugs, but a radio conversation in English indicated the desire to "Speak to Ramon about it (name approximated from indistinct sound which sounded like "Dimone") about it." Ramon's last name (approximated from very indistinct sounds) is "Ras\_\_\_\_", "Rasten\_\_\_\_", "Rastenha" (accent on e), or "Rastenejas" (accent on second e). Ramon appears to be located in a large, 2-3 story building which has a statue of an eagle and a snake in its courtyard. The [REDACTED] appears to be suited for both night fishing and very shallow-water navigation, which may be important for drug delivery operations.

Target vessel's location is 25 03'N 77 20'W, Nassau, Bahamas. It is carrying drugs in the form of Marijuana. They are located in the middle of the vessel, towards the left side. The drugs are near something round, that is surrounded by narrow, longer, oblong shapes on three sides. They are possibly packed in coffee.

The people on this vessel have been drinking alcohol and smoking marijuana. Some are very drunk. They are scared and also paranoid. The vessel's next destination will be Florida, possibly near Daytona Beach. However, it plans to stay in Nassau until the 28th of July 90.
